Annual awards for young researchers in the field of statistical physics and condensed matter theory

Institute for Condensed Matter Physics of the National Academy of Sciences of Ukraine announces an annual competition for young researchers working in the field of statistical physics and condensed matter theory. The best works selected by the Competition Committee will be commended by Special Individual Awards. The competition was established in 2001 and is dedicated to the anniversary of the foundation of the first Institute department, the Department for Statistical Theory of Condensed Systems (May, 1969).

The aim of the competition is to give the young scientists a chance to represent and approbate the results of their research as well as to establish the relationships among young scientists from different regions of Ukraine.

– The working language of the workshop is Ukrainian.

– The applicants should be up to 35 years of age at the time of application.

– Only the works published during the recent 5 years and that have not won any awards of this competition can participate.

The Awards will be presented during the special Workshop devoted to the problems of statistical physics and condensed matter theory (Lviv, 30–31 May, 2006).

Applicants may obtain additional information and application forms for downloading from the ICMP website

`http://www.icmp.lviv.ua/konkurs/`

Applications should be sent before April 21, 2006 to

Institute for Condensed Matter Physics,
1 Svientsitskii Street,
79011 Lviv, Ukraine

Other enquiries should be addressed to:

Council of Young Scientists
Institute for Condensed Matter Physics,
1 Svientsitskii Street,
79011 Lviv, Ukraine
