X-th Workshop and Awards for young researchers in the field of statistical physics and condensed matter theory

The Workshop and Awards are dedicated to the foundation of the first academic unit of the Institute for Condensed Matter Physics, a Department for Statistical Theory of Condensed States, in May 1969. The aim of the Workshop and Awards is to promote the studies of young researchers in statistical physics and condensed matter theory as well as to establish scientific relations among young researchers from different scientific centers of Ukraine.

Workshop: The X-th Anniversary Workshop will be held in Lviv at the Institute for Condensed Matter Physics on June 3-4, 2010. Its program will include invited lectures of top experts in statistical physics and condensed matter theory in Ukraine, short communications of young researchers and contributed talks of Award applicants. The language of the Workshop is Ukrainian.

Awards: Institute for Condensed Matter Physics of the National Academy of Sciences of Ukraine announces annual Awards for young researchers in the field of statistical physics and condensed matter theory. The Awards were established in 2001 and this year the best studies of young researchers will be distinguished by the X-th anniversary Award and Special Individual awards.

- The applicants should not be older than 35 years of age at the time of application.
- Only the studies published during the last 5 years can qualify. The applied studies should not have won any ICMP Awards for young researchers before.

Additional information may be obtained on the Workshop website:
http://www.icmp.lviv.ua/konkurs/

The deadline for participants and applications is April 15, 2010.

Address for correspondence:

Council of Young Scientists
Institute for Condensed Matter Physics,
1 Svientsitskii Street,
79011 Lviv, Ukraine

Tel: +38 032 2761978
Fax: +38 032 2761978
E-mail: `cys@icmp.lviv.ua`

The Organizing Committee invites young researchers and students working in the field of statistical physics and condensed matter theory to participate in the Workshop and apply for the Awards.
