

Seminar of Doctoral College
for the Statistical Physics of
Complex Systems

A new liquid-to-liquid transition in a quantum spin chain with first- and second- neighbour interactions

Speaker: **Chris Hooley** (Statistical Physics Group,
Centre for Fluid and Complex Systems,
Coventry University, U.K.)

Date: Thursday, 19th March 2026

Time: 14.00-15.30 Coventry / 15.00-16.30 Leipzig
and Lorraine / 16.00-17.30 Lviv

*(half an hour later than usual)

Place: online via [Zoom](#)
